1. Description.
This e-Service is made available on the RemWeb in order to offer an online electronic registration for access to the environmental radioactivity results received from the Member States.

E_services are tools on the internet websites of the Joint Research Centre (JRC) enabling a given research community (e.g. committee, working group, project group, etc.) geographically spread across Europe (and beyond) to maintain a private space on Internet where they can share information, documents, participate in discussion fora, download software, subscribe JRC publications etc. The definition of E_services on JRC websites can be found in the notification to the Data Protection Officer No DPO-2176, which can be found here.

Your personal data will be collected and further processed for the purposes detailed hereafter under point 2. This processing of personnel data is under the responsibility of the Head of Unit Internal and external communication at the JRC, who acts as the controller for the E_services notification. The Head of Unit Nuclear Security at the JRC-ITU in Ispra, who manages the processing, acts as personal data processor.

As this processing collects and further processes personal data, Regulation (EC) 45/2001, of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data, is applicable.

2. What personal information do we collect, what is the legal basis, for what purpose and through which technical means?

Identification Data:
The personal data collected and further processed are:
